

Donate a stone in memory of a baby that was lost through miscarriage, stillbirth, or infant loss or a young child. Maybe this precious baby or child was yours or one of someone you know. The Lumen Christi Farm Little Lambs program enrolls children and babies who have died recently as well as those who have gone to Jesus long ago. The stones are engraved with the child or baby's name or labeled "Baby _____" with the last name of the family if the baby was unnamed. Also, a birth and death date or just a birthdate can be included.

These stones will be placed around a statue of Jesus holding a lamb in our **Little Lambs Memorial Garden** in the woods and blessed each spring during our annual Little Lambs Memorial Service and Healing Encounter for parents and/or family members who have experienced the loss of a child or baby. Please include your information and/or the information of the family you are making this donation for.
